PRESIDENT M'KINLEY WILL RECEIVE THE PARTY AT THE WHITE HOUSE THE DAY THE CLUB-WOMEN PASS THROUGH WASHINGTON.

Through the instrumentality of Mrs. William Tod Helmuth, president of the New-York State Federation of Women's Clubs, President McKinley has arranged, and so notified her, that he will receive the delegation of club women on their arrival at Washington on Thursday afternoon, June 16. Carriages will be in waiting at the Baitimore and Ohio Railroad station to convey the party to the White The party will consist of delegates from New-York, New-England, New-Jersey, Delaware. Pennsylvania and the District of Columbia, and will travel by special train via the Royal Blue Line, leaving New-York at 10 a. m. on June 16 en route to Denver, to attend the biennial meeting of the General Federation of Women's Clubs.

The return trip will be over the Union Pacific and Chicago and Northwestern railways, through Omaha and Chicago. The journey going is through Phila-delphia, Wilmington, Baltimore, Washington, Cincinnati, St. Louis, Kansas City, Pueblo and Colo rado Springs, while the return trip will afford the

party a diverse route and an opportunity to visit the International Exposition at Omaha, Neb. The train will consist of a baggage-car, Pullman salace vestibuled sleeping and observation cars, and will run through to Denver. The special train will abandoned at Denver, allowing members to re turn at pleasure within the limit of their tickets. 17, which is the latest time limit set by ted at Denver for return passage at the office of

By Precial arrangement lickets will be made good to stop over at Omaha, to enable the party to visit the International Exposition on the return trip.

All baggage should be tagged "For the Federation Special" when sent to the station, there to be checked to Denver. This will insure its being placed on board of the train, where free access can be had to the same any time on route. From New-York, Jersey City, Plainfield, Philadelphia and Wilmington a rate of \$75 has been made; from Baltimore, \$7450; from Washington, \$7350, and from Boston, Mass., \$78. This includes a round-trip ticket to Denver, one double have. Boston, Mass., \$78. This includes a round-trip ticket to Denver, one double berth and meals on the outward trip. Instead of putting on a dining-car, as at first proposed, it has been decided, owing to the numerous stops to be made going out and the size of the party, which will be very large, that meals will be taken at regular dining stations and hotels, where ample time will be given and excellant meals. This will break the monotony of the long journey also, although there will be a buffet car attached to the train for the benefit of any

who may desire to obtain light meals en route. The Colorado-Utah lines announce low rates from Denver to all points in Colorado, to Salt Lake City and Ogden, for the benefit of delegates and their friends desiring to make trips there.

That suitable accommodations may be obtained and the necessary equipment provided, application for sleeping-car space should be made at the earliest possible moment. Berths, sections and staterooms will be reserved in the order in which applications are received. A remittance of \$25 on account, payable to the order of Mrs. William Tod Helmuth, must accompany each application to insure reservation, balance to be paid on the train. No deviation from this rule will be made. Mrs. Helmuth has sent the following open letter to delegates and others who intend going to Denver:

others who intend going to Denver:

It gives me much pleasure to inform the delegates and visitors from the State of New-York that I have engaged a drawing-room at the Brown-Palace Hotel at Denver, which will be at the disposal of the State Federation and its friends. I hope to weight there each and every one from our State, and beg you to report yourselves immediately upon your arrival at Denver. Badges will be presented to you, so that we may be known as representatives of the Empire State.

Our train will consist of a baggage-car, Pullman palace vestibuled sleeping and observation cars, and will run solid through to Denver, personally conducted, at the request of the president of the New-York State Federation, by Mr. J. P. McCann, travelling passenger agont of the Missouri Pacific Raliway, who will see that nothing is left undone that will contribute to the comfort and pleasure of the party. As the various members have different ideas as to the dates they wish to return, we have concluded to abandon our train at Denver, allowing members to return at pleasure within the limit of their tickets, viz., July II. MISS WINSLOW'S PARTY.

## MISS WINSLOW'S PARTY.

Helen M. Winslow, of Boston, Editor of "The Club Woman," when seen by a Tribune reporter yesterday, had many wise things to say regarding the matters to be discussed at the coming convention in Denver. Miss Winslow will conduct her party, which includes prominent press and club conen from all parts of New-England, and will on the New-York Federation, under the direction of Mrs. Helmuth, and the New-Jersey Federation under the leadership of Miss Gains. "The dub presidents and delegates will have their hands full," said she, "with the proposed amend-

ments to the constitution, to say nothing of the ex-

ments to the constitution, to say nothing of the excellent addresses, papers and discussions that are sure to be presented.

The most important proposition will be to have the clubs pay a tax, so to speak, of 10 cents per capita, except these having a membership of less than fifty, when the annual dues would be \$5, practically the same as now. If this amendment is carried it will mean a tremendous increase in funds for the General Federation. For instance, a club of five hundred members would pay \$100 in two years instead of \$10, as is now the case.

It is also proposed that the State federations shall pay annually to the general body \$5 cents for every club under their jurisdiction. Any State that can boast of two hundred such organizations would then pay \$100 in the two years between the biennials. Of course, these are problems which will try the mathematical skill of the women who settle them: but American women should have pride enough to put the General Federation on a debipaying basis without asking for individual contributions.

Dutions. "Another question that will lead to inevitable dis-cussion is whether representation shall continue to be by clubs or by State federations. Many sensible women contend that the organization now lacks homogenity, and business would be dispatched much better if State delegates were eligible, while on the other hand many individual clubs feel that con-tact with the great club world once in two years is of inestimable value in broadening their horizon of life."

There will be no graduating class from the medical college in 1829, owing to the change in the length of the course. This plan is considered valuable to students, although certain colleges in the State have used extreme efforts to abolish it, for the reason that the revenue is greatly reduced thereby, but the majority favor the plan, and the future will doubtiess see greater changes in this respect.

Of this Miss Jones said: "The question of a four-year course every student will indorse, and it is only a matter of time when the requirements will be even greater, and a degree will be necessary before entering upon the medical course. From personal observation I have noticed that students having the benefit of a full or partial college course enter upon their duties with greater case and do better work than those without such previous advantages. In some colleges in Massachusetts this requirement will become necessary after 1990. And it ought to be so. It stands to reason that the extra mental training will be an invalcable aid to one who pasposes to become a thoroughly skilled physician.

Miss Louisa Smith, the other woman graduate, is the daughter of William Manius Smith, professor of chemistry in the Syracuse Medical College, and is said to be one of the best all-around woman grammasts in the city. She was a pupil of Professor with the Woman's Christian Temperance Union in

AN EVENT OF HISTORIC INTEREST. Mrs. Harriet Maxwell Converse left town yesterday for her annual visit to the various Indian reservations in the State of New-York. This visit is

rendered particularly interesting because of its especial mission. It has been the ambition of Mrs. Converse for many years that the State of New-York should become the custodian of the wampum helts of the Iroquois Indians. To this end she has devoted her attention most earnestly for the last two years. Last February she held a council with the Onondago chiefs, and there and then they transferred the ownership of the precious wampum belts ferred the ownership of the precious wampum belts to the Board of Regents of the State of New-York. The wampum belts of this cellection are now deposited at the Capitol at Albany.

To celebrate the event of this transfer of the wampums, the Board of Regents has invited the Onondaga chiefs to visit Albany on June 29, as at that time there will be a convocation of the teachers of New-York State.

Mrs. Converse is appointed by the Regents as the committee to escort the Indians to Albany. She will visit the various reservations and select delegates from the Six Nations, and will possibly go to Canada to invite the Mohawks, who are no longer represented here. This "meeting of the clans" will probably be the last historical event in the history of the Iroquois Indians.

### CONFERENCE OF COMMITTEES.

number of the officers and members of the 150 Central Park South, to confer with the commit-tee from the New-York Soldiers' Families' Protective Association. The object of the meeting was to discuss the kinds of work the two organizations propose to do and to ascertain if a co-operation of effort will not be possible. The committees found that they are agreed on all vital points, and it is hoped that an arrangement to work together may be made. No definite course was decided on yesterday, as further conference is desired. There were present Dr. Whiteman White, Everson McMillan, Frank Solikvan Smith and B. F. Hart. The women appointed to meet this conference were Mrs. Howard Carroll, Mrs. Gardner Wetherbee, Mrs. A. B. Darling, Mrs. Egbert Guernsey, Mrs. Raif. Trautman, Miss Emma A. Egan, Mrs. Henry J. MRS. ATKINSON'S LETTERS OFFERED. Wheeling, W. Va., June 7.-A dispatch from

nowise affected the progress of the case against Owen. An exciting incident of to-day's proceedlings was the introduction of Witness R. M. Owen for the State. Owen, who is a resident of Pittsburg, identified eleven letters handed to him which he said he had received on various dates from Mrs.

completed the examination-in-chief of this witness and was about to offer the letters. Counsel ob jected and proceeded to subject the witness to a rigid cross-examination, showing that the attorneys for the defence had some knowledge of the charac-ter of the letters. On this cross-examination the witness said he had not sold the letters to the Camden heirs for \$3.000, and had not received any other sum of money for them from any one repre-senting the prosecution, but it was brought out that the witness had offered to return the letters to Mrs. Atkinson and keep out of the way for

The defence objected to the reading of the letters to the jury. The objection was argued, and the Court held that the State had not laid a sufficient foundation to admit of the letters going in as evidence, and ruled that they could not go in unless the State could establish the fact that they were acts in a conspiracy in which the defendant Owens was a conspirator."
